

# Palmer Wasilla Highway

## EASTERN TERMINUS PROJECT

Thursday, February 4, 2010  
4:00 pm to 7:00 pm  
Palmer Moose Lodge  
1136 S. Cobb Street, Palmer  
[www.palmermooselodge.org](http://www.palmermooselodge.org)

The Alaska Department of Transportation & Public Facilities and the Palmer Community Advisory Committee invites you to come and see what is happening with the project. There have been significant changes since the June 23, 2009 public open house meeting:

- Project name officially changed to "Palmer Wasilla Highway Eastern Terminus (PWHEM)" to reflect DOT&PF's commitment to consider alternative routes.
- Formation of 19-person Palmer Community Advisory Committee (CAC) tasked with developing and screening of alternative routes to the Couplet.
- Five new alternative routes in the following corridors developed by the CAC (*see map below*).

Comments on materials presented at the meeting are requested no later than March 4, 2010. If you can't make it to the open house, you can send your comments or questions to the project team at the addresses/numbers shown below.
